Over 20 years as a high school
science teacher.

+ **Over 20 years performing and entertaining** with magic shows, science shows, balloon twisting and interactive education programs

Jamie has his **teacher accreditation, WWCC, and Public Liability Insurance.**

“

Jamie was amazing. The kids loved the magic show. We had kids with age range between 2-8 and they were all sitting down watching Jamie, laughing, and trying to be part of the show. They all loved it.

“

I have watched him perform at the Wyong family race day and also hired him to perform today for 65+ children at a vacation care service and was not disappointed. He is friendly, professional and so good with the kids. I have been getting positive feedback all day after his shows today and left the kids on such a positive buzz!

Amelia
